Hi Reid,

Rose phoned me back, and reminded me (b)(5) - Deliberative Process Privilege
[REDACTED]. Let me know if you need anything else.

BTW, I believe all the data we used has been reproduced in tables in the risk report.
Also, Neil will note that (b)(5) - Deliberative Process Privilege
[REDACTED]

Steve,

It turns out I do have a request regarding the Subpart W risk assessment. Would it be possible to send us the data sets used for the actual calculations for a sample of facilities made in the risk assessment? We're performing an in-house check just to confirm that the parameters used were properly input into the code, and we want to do a random check of some facility data. Thanks, and please send the data sets to Neal Nelson, copied above, and me. Thanks Steve.
